COMPANY HISTORY

Cecilia De Mos cosmetics it's a company that was found by Miss Dieketseng Justina Mosololi. This company started back in 2021. It was meant to be a luxury brand that was supposed to only benefit her and her family by selling the product in retail stores. however The founder realised that not everyone has money to start their own company and get employed. She came with a company that would benefit all those that want to change their financial situation.

she then created this network marketing company for all in the Southern Africa
